

## Skater Festival „линия на сблъсък“ (Collision Line)

On 3<sup>rd</sup> and 4<sup>th</sup> of May, 2008, the first ever skater festival in Ruse offered new space to both skater and HipHop culture. Four music bands were featured: German skatepunkband “Dufferpit” as well as “Spot” and “Overdawn” from Ruse, and “Crowfish” from Varna.

There were two categories to the skateboard cup: professional teams and non-sponsored individual skaters. Skaters from Bulgaria, Romania and even Germany participated. Thus, they were offered opportunities to exchange their experiences and talk about new developments.

This festival was the opening act for Ruse’s Day of the City.
